Dear Lisa,

I just wanted to take a moment to touch base with you and give you some feedback on our business relationship and specifically Contractor V Software.

Several of our clients, both General Contractor and Subcontractor are using Contractor V software. With all the on-site Controller and CFO work that we do within the industry, we are confident in referring your software to our clients in an effort to implement the policies and procedures that ultimately have a positive effect on the bottom-line. Since we have a first hand knowledge of how your software operates, and because we are a Southern California leaders in providing expert level Construction specific financial management services, our testimonial to your software and its operation can be relied upon by anyone seeking to purchase this type of product.

We appreciate your ability to provide a quality product as well as immediate support to our clients. Contractor Software Corporation has proven itself to be one of the best Construction Accounting software packages available.

Thank you,
The Accounting Group
